

November 2019

Dear Brothers and Sisters in Christ grace and peace to all of you in the name of our Lord Jesus Christ;

We are almost at the end of the year 2019, do you believe that this year has been quick to disappear, we just started it, time is really flying as the song says, and we are growing old, last October I turn to be 66 years old, I thank God who blessed me to work with you in his spiritual field, you are an important part in my life, a part of my body, you gave my life a sweet aroma that would last forever, I really love you and appreciate so much your standing with my family all these years, may God bless you richly.

The Amoutta (the seven men of the church who represent the church before the Israeli law) had decided to use our facilities (The building and the property) for educational programmes, for children's from grades 4, 5, 6 who are brilliant in their schools, for special classes in science, Math, quantitative thinking, and creativity, they call it a pilot program, they are using the building on Tuesday's, Wednesday's, and Friday's from 5 PM to 8 PM each week, they started on a special opening on the 15<sup>th</sup>, the 16<sup>th</sup>, and the 18<sup>th</sup> of October they (the students) came along with their parents on the first week only, and I have been asked to speak to them (70 people each gathering) I told them about the church, and our willingness to let them use our building, and about our beliefs, who we are, the time of our services, led a prayer, and blessed them and handed them the book that we printed in Arabic about the church, the idea does not only give us a financial support but contacts with people whom we never met before and they do not know about us, the church is being known to more people in Nazareth through that program, the issue gave me more work to do, since I have to be present each time they meet from 5 to 8 three days a week, which gives me time to meet their parents when they bring them in and take them back home, and that gave me and my wife a chance to talk with some of the parents again about the church and we had a discussion with them which lasted a few minutes, and then we invited them to come to our meetings, this was a great and wise decision that we made to help our mission in a very broad way.

We had the honour to baptize Nisha, Magdalena's second friend whom she was studying with lately, we baptized Bela a few weeks ago, I am thankful to God for this girl, she is a blessing to us.

We had Harding group of 42 with Danial's Adams leading on Saturday the 19th, and we have Everett's group of 35 on Sunday the 20<sup>th</sup> we had a great service on that Sunday our spirits was lifted up, with singing and prayers and great sermon by Everett, please if you are coming our way or if you know some who are coming to visit the holy land tell them to stop and visit with us on any day and especially on Sunday.

Ahead of us the holidays are coming, we are going to be very busy, we will visit hospitals, orphanages, and home's and help the needy and bring the joy of the holidays to them, this has been done in the past two years and we are continuing this year too.

My study with Nael has reach the final decision, he told me, Maurice I am convinced that I need to be baptize you do not have to persuade me, just give me little time to adjust my inner feelings, for me that was a good news we pray that he will be baptized soon, please pray for Nael, he such a great person we need him in the kingdom in Nazareth.

Our bible studies on Thursday's has been succeeded much we always have a new faces coming in, and sometimes we do not know who brought them, we are studying Hebrews for the last few month and people expressed their feelings to us saying that this is the first time that we do understand the word of God and we enjoyed being here, these words are so encouraging to me, I hope that all of them can come on Sunday's too.

Last thing as the year are closing and the church's are dealing with their budgets I am pleading to all my supporters to consider continuing to support that lonely work, you are helping us grow, you are giving to the city that 2000 years ago gave you the best thing in all your life and that is salvation through Christ our lord who lived and grew and teach his first sermon in Nazareth, this city meant a lot to our lord Jesus, he loved his home town and his people and I do love them too, I pray that you too can continue showing your love by continuing to support that work,

and I am sure that god will enable you and find the ways for you to do that, may God richly bless you and keep you for his glory.

Love you  
Maurice& Inaam Jadon  
Nazareth , Israel

Those are some pictures of the things that we are doing in the church, the church evening tour in the old city of Nazareth, the news electric gate for the church, some pictures for our visitors, Magdalena's friends.
