

Into All The World!

Elders and deacons appointed for the first time this past August at the La Curva congregation in Tampico, Mexico

The "La Industrial" congregation in Monterrey, Mexico also appointed elders and deacons for the first time in September

"...but keeping the commandments of God is what matters." 1 Cor 7:19 cf

TO GOD BE THE GLORY!

Helping our brethren throughout Spanish speaking America to become evangelists, teachers, elders, deacons, is a noble task for our team of instructors. Elders and deacons were established in two locations (Photos above) just in the

past month. We are working with six other ones who will soon have their leaders with God's help. We have two evangelism teams working in Mexico, and many more in Venezuela and the Dominican Republic. We continue with Ladies' leadership training holding area wide workshops. We had these in the Dominican Republic and the Los Angeles, CA area recently. Roberto Benitez and Armando Artiga, with help from very generous members are now helping to build several buildings for the church to meet, primarily in Ecuador, Southern Colombia and El Salvador. An example of this is in Urcuqui, Ecuador, a little village 1/2 hour from Ibarra. The church was started at the end of last year, and by March this year they had 28 members. They were meeting in someone's house. A brother from Dallas bought them a piece of land, we helped with the foundation, others put up the rest. Robert and Armando took care of the permits and legal work. Now they have a place to meet

with a metal roof, walls and floor. They have about 35 attending. Sandro, a graduate of the Quito school of preaching goes there 4 evenings a week and Sunday because he works for a living in Atuntaqui. May God bless you richly for your continued help and involvement. We are very thankful.

Robert & Jane

Cynthia teaching the ladies and I the men on "The Heart" in Culver City (top) and Norwalk (bottom). These congregations meet in up to 4 different languages, English, Spanish, Chinese and Korean.

MEMORIAL CHURCH OF CHRIST

Vocational Training

A common event now in Barinas, Venezuela, (top and bottom) 6 being baptized on a Saturday of around 200 they baptize every year. A church that reaches out with over 500 adults meeting on Sundays, a large group evangelizes every week. In spite of the economic and social crises in this country, where almost every citizen goes to bed hungry every night, God has opened the doors wide for people to hear the gospel, believe, repent, confess and be baptized for the remission of sins.

Jesus Varela (top) a jewelry craftsman, turned preacher, baptizing one young lady in Ibarra, Ecuador. The Pilanqui church there with it's elders, deacons and several evangelists is helping several new congregations in the area to grow. Pablo Sanchez from Santiago, Chile held a youth meeting recently there which results in many souls being added to the fold.

Below, a Colombian couple being baptized in Monticello, FL when Jane & I visited Henry Flores, who preaches in that area.
